Principal: Mr J Donaldson BA (Hons), PGCE, PGDip, NPQH, F.R.S.A.  
Head of Primary School: Ms K Koller BA (Hons), PGCE, NPQH

Dear Colleague.

Thank you for your interest in the position of Head of Science at The Beaulieu Park School. As Essex's only 'all through' school, our school is truly unique. Following a £34 million build, we are delighted to have an environment in which to deliver a truly all through and outstanding education for our students. As Head of Science, your role will be pivotal in the creation of a school that has the highest standards and aspirations for all students, regardless of their background or ability.

This appointment is critical to the future success of the school. The successful candidate will be a key player in our close-knit, founding team and work closely with all stakeholders to realise the outstanding potential that exists when a school is created from the ground up. Your experiences at The Beaulieu Park School will develop your leadership skills and give you an excellent experience to prepare you for a senior leadership role if that is your aim.

As the Head of Science and first Science teacher at the school, the successful candidate will be responsible for designing the curriculum and teaching our first group of Year 7 students. As the school grows, additional members of staff will be added to the department accordingly. In year 3, when our first cohort reach KS4, the TLR offered for this post will increase to TLR1C (the top of the scale).

The Principal and Governors are open-minded regarding the professional profile of potential applicants. Whilst not suitable for an NQT, this post may be suitable for someone that is relatively new to the profession, or indeed for a more experienced colleague. What is crucial is that the successful candidate has the skills, drive, energy and ambition to make Science here at Beaulieu Park a real beacon of success.

To read more about the vision for our school please visit the school website. If you feel you have the skills and attributes for this position, I would welcome an application from you. I would also be pleased to arrange a telephone conversation or a meeting prior to your application to answer any questions or queries you may have.

The Beaulieu Park School is part of The Chelmsford Learning Partnership, a small multi-academy trust of seven schools, primary and secondary, each with their own unique identity. Our trust is a friendly and supportive one. As an employee within it, you will have the chance to learn from and share your expertise with other schools and professionals within the trust.

Yours faithfully,

James Donaldson

Principal.
